In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

PUBLIC HEARING NOTICE

Department of Environmental Protection Green Acres Program Notice of Public Hearings on Proposed Conveyance of Property in the City of Millville, Cumberland County

Take Notice that in accordance with *N.J.S.A. 13:1D-51* through *–58*, the State of New Jersey, Department of Environmental Protection (“NJDEP”) will hold two **public hearings** to seek comments on the proposed conveyance of property in the City of Millville, Cumberland County.

The property proposed for conveyance is designated for tax purposes as Block 578, Lot 19 (comprising approximately 81 acres, hereafter “the Property.”) The NJDEP proposes to convey the Property through a direct sale to either the City of Millville (“City”), the Millville Urban Redevelopment Corporation, the Cumberland County Improvement Authority or any other nonprofit or public entity designated by the City. The Property was purchased by the NJDEP from the prior owner, Durand Glass Manufacturing Company, Inc., in July 2013 for \$335,000. The proposed sale price for the conveyance by the NJDEP to the City or its designee is \$395,000. If the property is conveyed by the NJDEP to the City or its designee, it will be used for commercial/industrial purposes consistent with current zoning.

The Property is located off Gorton Road; the street address of the Property is 1 Gorton Road. It is irregularly shaped, with a maximum depth of about 2700 linear feet and a frontage of about 735 feet. The property is currently administered by the NJDEP’s Division of Fish and Wildlife as part of the 474-acre Menantico Ponds Wildlife Management Area (“WMA”).

A copy of a report analyzing the proposed conveyance is available online at www.nj.gov/dep/greenacres/notices.html. A general location map for the Property is included as Figure 1 of the report. An aerial map of the Property is included as Figure 2 of the report.

The proposed sale price is based on three components: the \$369,579 full fair market value of the Property as of January 2013 (as established by appraisals commissioned by the NJDEP as part of the purchase); approximately \$12,241 in technical costs incurred by the NJDEP as part of the purchase of the Property and \$13,000 for administrative costs associated with the proposed conveyance.

If the proposed conveyance of the Property is approved and the Property is sold to the City or its designee, the NJDEP intends to deposit the funds received from the City or its designee into the Garden State Preservation Trust Fund, to be used for a future State acquisition project as required by *N.J.S.A. 13:1D-57* and *N.J.S.A. 13:8C-31*. It is the NJDEP’s intention to identify and purchase other suitable replacement land of at least equal acreage to the Property, in fee, within Cumberland County with these funds.

In March 2014, the NJDEP proposed to convey the Property to the City and to use a portion of the sale proceeds to purchase approximately 900 acres of land elsewhere in Millville (within a 1300-acre parcel known as the Holly Farm property) for addition to the WMA. After conducting public hearings on the proposal in May 2014 and performing further review of the proposal, the NJDEP has determined that linking this conveyance to the Holly Farm purchase is no longer feasible. Therefore, the NJDEP is re-proposing this conveyance under *N.J.S.A. 13:1D-51 et seq.*

State House Commission approval is required for this proposal. If approved, the Department anticipates that the earliest the proposed conveyance could occur is late April 2015.

The **first public hearing** on the proposed conveyance of the Property will be held on:

Wednesday, December 3, 2014 at 6:30 PM at the

City of Millville City Hall
Commission Chambers—4th floor
12 S. High Street
